

EXAMS & REVISION

TOP TIPS FOR PARENTS & STUDENTS

How to revise:

- ◆ Break down your subject down into topics or practice questions;
- ◆ Make a list of topics or areas to revise;
- ◆ Using highlighters to decide which parts you know really well - highlight those green, now look at those that you do not know well and colour them in red or orange;
- ◆ Look at your revision timetable give more time to those areas that are red;
- ◆ Fill in your personal commitments - sport, music practice, birthday meal, etc.;
- ◆ Revise in short sessions rather than long sessions. This will keep your mind fresh. Sessions should be about 30-45 mins;
- ◆ Stick to your plan, but if you miss a session then simply add it in later. If you use pencil then you can rub it out and change sessions where needed;
- ◆ Ask for help from your teachers or your form tutor if you struggle with understanding what is needed in your subjects.

Revision Tips

- ◆ Take your notes and make them into a poster mindmap or diagrams;
- ◆ Review them every day leading up to the exams;
- ◆ Use colour to highlight and split up the text - use coloured paper;
- ◆ Turn your revision notes into posters and review them each day leading up to the exams;
- ◆ Make Question and Answer cards for all your subjects and get someone to test you every night;
- ◆ Try revising with a friend over the holidays - get all your notes completed ready for revising during the last few weeks running up to the exams .
